Block of stats Bet & Win
Statistics of wins on river with different bet sizes.

Some opponents bet little to be called and much to be laid down.
Others bet much when bluffing and little for value.
Using this block of Bet&Win stats you can easier understand which bet sizes the opponent uses for bluffing and value.
The lower the win at showdown percentage for a specific size, the more bluffs, and vice versa – the higher the win rate, the more often value bets are used.

HUD for HU SNG

Common PreFlop statistic

71 – VPIP
61 – PFR
3BP – 3bet Push
3B – 3bet
F3B – Fold to 3bet

PostFlop statistic
